

## POSTDOCTORAL FELLOWSHIP, CHINA ECONOMIC RESEARCH CENTER AT STOCKHOLM SCHOOL OF ECONOMICS

The China Economic Research Center at Stockholm School of Economics offers postdoctoral fellowships to young scholars doing research on the Chinese economy. Fellows will spend three years at CERC, offering an opportunity to develop their research skills in a dynamic environment. The position is for research in economics and finance focusing on China, with the possibility of some area-specific teaching.

### **Qualifications and Benefits**

Eligible candidates have received their PhD after August 2008, or will complete their PhD by August 2011. Successful candidates will have a strong background in economics or finance and an interest in the Chinese economy. Postdoctoral fellows receive a tax-free scholarship of SEK 405 000 per year equivalent to approximately USD 58 000 per year. Additional funds to cover travel and research expenses will be provided.

### **Application**

To apply send CV, example of research and a personal letter outlining plans for future research to [nanhee.lee@hhs.se](mailto:nanhee.lee@hhs.se). Applications shall be submitted by March 31, 2011. Successful candidates will take up their positions in September 2011.

### **About CERC**

The China Economic Research Center (CERC) at the Stockholm School of Economics is a leading center for studies of the Chinese economy. CERC research, teaching and outreach activities are focused on China's impact on the global economy, foreign investments and trade with China, and the impact of Chinese growth on developed and emerging economies. The center provides a dynamic research environment.
